19" RACK

# C SERIES<sup>®</sup>

19" heavy duty server rack for data centers

19" rack for data centers and network applications

Cabling Multi Application

C SERIES<sup>®</sup> Features

Flexible ventilation components The cover provided two 355mm (W) x 55mm (L) cable access and cover, Guaranteed orderly and space-saving cable management. Adjustable at installation site, cable management can by selected from extensive range of accessory components.

#### C SERIES Server rack (Open Frame)

C SERIES has been designed for quick and easy modification to suit specific applications or corporate identity requirements, the classic C Series for static loads of 1200kgs. Flexible and many features as you need for your application.

### 3 C SERIES Server rack

(Standard Rack) Includes 1 Open frame, 1 glass door, 1 vented steel door, 2 side panel, 2 pari 19" panel mount angle, 3 pair horizontal mount support, 4 castor, 4 leveling feet and fan tray.

### 4 C SERIES Server rack

MAX LOAD - 1200 KGS

(Single hexagon perforated door) Includes 1 Open frame, 2 perforated steel door, 2 side panel, 2 pair19" panel mount angle, 3 pair horizontal mount support, 4 castor, 4 leveling feet and fan tray.

5 Flexible ventilation components The correct ventilation solution is always provided by the corresponding selection of accessory components. Still applicable form C SERIES: 80% perforation, which guarantees unobstructed airflow of the installed components.

### **FIXED SHELF - C SERIES**

Shelf assembly to 19" panel mounting angles allow mixed installation with 19" distribution panels. Material: 1.5mm Steel

Order Code Mounting		Depth	Used on	Loading ( kg )	
T <b>T</b> 37	19"	370 mm	625 mm deep rack	50	
TT 45	19"	450 mm	450 mm 825 mm deep rack		
TT 60	19"	600 mm 825 mm or above deep rack		50	
TT 70	19"	700 mm 985 mm or above deep rack		50	
TTD 60	19"	600 mm 825 mm or above deep rack		100	
TTD 70	19"	700 mm	985 mm or above deep rack	100	

#### **SLIDING SHELF - C SERIES**

Shelf assembly to 19" panel mounting angles allow mixed installation with 19" distribution panels. Material: 1.5mm Steel

Order Code Mounting		Depth Used on		Loading ( kg )
STT 37	19"	370 mm	625 mm deep rack	35
STT 45	19"	450 mm	825 mm deep rack	35
STT 60	19"	600 mm	825 mm or above deep rack	35

### Power Distribution Unit (U.K)

### Applications

Data Center Computer workstations Lan racking Security systems UPS power distribution Industrial enviroment

### Specification

Main Plug: BS1363, IEC320 or IEC60309 Operating Voltage: 250V AC 50/60Hz Rate load current: 13A, 16A, 20A, 27A or 32A Max. Power Pmax: 3250W - 8000W Operating temperature range: -20° ~ + 70° Power indicator : Red or Green LED

L6 - Plastic Case Vertical Mounting L8 - Plastic Case Vertical Mounting

## **C SERIES**<sup>®</sup> 19" Networking Platform Enclosure Feature:

- Flexible and many features as you need for your application
- Basic version, with front glass door and vented rear steel door
- 1200kg Static load
- Fan unit options 2 6 cooling fan
- 6 standard height options: 45U, 42U, 37U, 27U, 22U and 17U
- 5 depth options: 1185mm, 1085mm, 985mm, 825mm and 625mm
- Components in acc. With IEC 60297
- Design door at the front with coloured offset perforation
- Cable entry on the top cover and bottom, can be completely removal and replacement after cabling

Standard Rack - Front Glass Door

### Basic Package Configurations

- Basic frame, top & base w/ cable entry (1200kg Loading)
- Front 5mm toughened safety glass door w/ A3 turning lock
- Rear vented steel door w/ A3 turning lock
- Lockable quick release side panel w/ clip lock x 2
- Full height adjustable 19" panel mounting angle w/ U marking x 4
- Full height adjustable Aux. side mount panel x 2
- Full depth horizontal mounting support x 6
- Full height adjustable vertical cable tray x 2 (75mm wide)
- Top mount fan tray w / 2 x AC 220V cooling fan
- Heavy duty castor & leveling feet x 4
- Earthing kit set
- M6 cage nuts, cup washers & fixings x 50
